Recruitment agencies need to pay temporary workers and contractors while waiting for their invoices to be paid. At the same time, they need to focus on the day-to-day of managing payroll, timesheets and raising and chasing invoices. Each has different implications for cashflow and the ability to focus on developing their business.

Recruitment Finance offers a range of benefits to your business, so you can develop and grow. It improves your cashflow, while payroll and credit control support frees up your time to focus on finding new candidates and customers.
WHAT IS RECRUITMENT FINANCE?

Recruitment Finance can help you ease the pressure of cashflow constraints, while our team of experts manage your payroll and credit control, helping you to run your business more efficiently.

FUNDING AND PAYROLL: You can release funds against your outstanding invoices, supporting payment of your candidate payroll and making available your margin, whilst waiting for invoices to be paid.

CREDIT CONTROL: Our team raise invoices and chase up your outstanding payments.

HOW DOES RECRUITMENT FINANCE WORK?

Recruitment Finance helps you to grow by releasing up to 100% of the cash in your invoices, providing access to cash within 24 hours minus the agreed fee and PAYE reserve, if applicable.

We also manage your timesheets, PAYE, NI, invoicing and collection, plus give you access to real-time reports.
THE BENEFITS OF RECRUITMENT FINANCE

Let us take the strain and bridge the funding gap between the placement of candidates and getting paid by your customers.

Recruitment Finance helps to:

- **REDUCE THE TIME WAITING TO BE PAID**
  To avoid waiting for your invoices to be paid, you can release the value of your outstanding invoices faster, helping to improve your cashflow.

- **FREE UP TIME WITH PAYROLL AND CREDIT CONTROL SUPPORT**
  If you want to use your time more effectively, we look after raising invoices, managing payroll, timesheets and collecting invoices.

- **FLEXIBILITY TO MANAGE YOUR FINANCES**
  With one simple fee based on your annual turnover and a flexible contract, you can manage your finances without the worry of being tied into a long-term contract.

- **MANAGE SEASONAL FLUCTUATIONS**
  If you find your business is subject to seasonal fluctuations for candidate demand, Recruitment Finance can provide the funding so you can manage your cashflow throughout the year more effectively.

- **MINIMISE BAD DEBT**
  To safeguard your business, you can choose to add bad debt protection. This is known as non-recourse factoring, where we take on your bad debt risk, unlike recourse factoring, where the risk of not being paid by your customers remains with you.
