As a global business, **we've helped clients all over the world.**

Here are just a few we work with in the UK, what we did for them and how we've been able to help them achieve their potential.

HOW BIBBY FINANCIAL SERVICES HELPED DIAMOND BOX FUND INCREASING DEMAND AND PURCHASE NEW MACHINERY:

“ We needed finance to further enhance our position as the market leading packaging manufacturer into the e-commerce market sector. Other funders would only consider financing the equipment we needed after it was commissioned, but Bibby Financial Services were able to structure a package that funded the asset pre-assembly and commissioning, which was a huge benefit to us. ”

Kavi Jundu, CEO at Diamond Box

HOW BIBBY FINANCIAL SERVICES HELPED LEACY GROUP LTD GET WORKING CAPITAL TO ACQUIRE A NEW BUSINESS:

“ XPart is the original provider of MG and Rover car parts and the finance package we have agreed with BFS has enabled us to access working capital in order to acquire the business. The Corporate team at BFS got to know our business, what we were looking to achieve, and this enabled them to structure an ABL package that leveraged the businesses assets effectively, while protecting against currency risk. Ultimately, it was BFS's desire to understand our business, coupled with the speed of service, which led to the winning formula we now have in place. ”
